

**About Karting:**

Most people have driven go-karts at their local amusement park. Modern day racing karts are nothing like the concession go-karts at a fun center. Go-karts originated in Southern California about a half of a century ago. Since then karts have evolved into highly sophisticated, purpose built race machines that are now driven and raced across the world. Karts are capable of performing like an Indy or Formula One car, only at a smaller scale. The sport of karting offers more performance than any other form of motor sport at a small fraction of the cost. Moran Raceway's high performance karts reach speeds of 70 mph while pulling over 2 lateral g-forces in a corner. Modern day karts accelerate, brake, and corner in phenomenal fashion. Kart racing is considered to be the "minor league" of Nascar, F-1, and Indy Car race series. Karting is a great family sport with an excellent safety record and karts are now designed for all ages and genders. Whether its recreation or racing, the sport of karting is continuing to grow worldwide at a rapid rate.

**About Us:**

Moran Raceway is owned and operated by two famous names in the racing world, Rocky Moran Sr. and Rocky Moran Jr. Both men have spent most of their lives in the racing world and have brought all of their knowledge into operating Moran Raceway. Karting was the beginning for both drivers. Karting helped form the foundation for Rocky Sr.'s career which later took him to a win at the 24 hours of Daytona while also landing rides in three different Indy 500's. Rocky Jr. followed in the footsteps of his dad and after an extensive background in karting, Rocky Jr. went on to win races in the Barber Dodge Pro Series and the Toyota Atlantic series and is continuing his pursuit in professional racing. The Moran's are involved with running all aspects of the business on a full time basis. The Moran's have also selected an excellent staff of experienced racing instructors and mechanics who provide the very best in kart driving programs. "We have worked very hard to make Moran Raceway the finest kart track in America and we strive to make all of our karting programs and curriculums first class as well."

**About the Track:**

Designed by Rocky Jr., Moran Raceway is the largest kart track in the world. It is also America's only one mile "road course style" kart track. This revolutionary track design gives one the sensational feeling of driving a true Indy car road course such as Laguna Seca or Road America. Moran Raceway is one of only 3 tracks in North America designed to meet the international C.I.K design specifications. Years of thought and professional design went in to constructing the enormous kart track that sits on over

28 acres. With 17 different corners, 21 feet of elevation change and a 860 foot main straight-away, Moran Raceway has set a new standard for kart tracks around the world. The track is 29 feet wide with banked corners, off camber sections, C.I.K curbing, and a 70 mph blind crest which leads into the famous downhill esses. There are low, medium, and high speed corners with many opportunities for great passing and racing. Run-off areas and safety barriers are exceptional and contribute for a very safe environment. Moran Raceway challenges drivers of all skill levels and will continue to host some of the largest national race events in the U.S.

**Driving Programs:**

Moran Raceway offers the finest corporate events, group parties, racing schools, and kart rental programs. Moran Raceway specializes in entertaining large team building programs, employee appreciation day's, and corporate fun day's. Moran Raceway also facilitates a five-star, rated racing school with curriculums designed by Rocky Sr. and Jr. Participants will get to drive the full 1 mile track configuration in an exclusive environment for all driving programs. Kart rental and "Arrive & Race" are also two other unique programs offered by Moran Raceway. Driving programs take place on Tuesdays, Thursdays, and Saturdays of every week from 9am to 1pm, year round. Each program can be scheduled on any of these days and availability is based on a first come, first serve basis. All driving programs are "Arrive & Drive", meaning we supply everything needed from karts to safety gear. Moran Raceway is one of the only racing facilities to use real high performance, 2-stroke, racing karts which rev to 15,000 rpm. Top-kart racing chassis equipped with 20 horsepower, 100cc, automatic motors are utilized for all programs. All karts are immaculately maintained and fit almost all sizes. Driving programs are offered for ages 5 and up. The Moran Raceway staff creates a fun, unique, and exciting environment at all times with an emphasis on safety.

**Corporate Events and Group Parties:**

Whether it's a birthday, bachelor party, or a business team outing, Moran Raceway's group programs are a blast! We create a program where team building, competition, and excitement are the rule for the day. With safety in mind we take each

group through an abbreviated classroom session followed by a simplified track walk and some lead-follow exercises. Groups will break apart and form into teams and the competitive racing action will begin. Group events will be personally tailored to each party depending on size and preferences. Group events come with optional benefits such as catering, photography, trophies, and customized shirts. Moran Raceway can accommodate parties of up to 75 participants daily. Group discounts are valid for parties of 11 or more. **(9am-1pm, T, TH, SA)\*\* Full day events are available. Prices- \$275 (All Ages) up to 10 participants. SAVE ON GROUP DISCOUNTS! Each additional participant between 10-18 is only \$100. For parties of 19 or more please call for quote.**

**Racing School Courses:**

**Techniques of Karting:**

This is our most popular racing school program. The day begins with 45 minutes of classroom preparation where the fundamentals of karting are taught in a simple format. Topics covered will include racing line, apex's, braking, flags, safety, and much more. Following the classroom time all participants will suit up for a track walk with an instructor. Next, lead-follow sessions begin as an instructor will lead students around the track in order for everybody to get a first hand glance of the action. Soon enough, students will be driving by themselves as instructors diligently supervise the program while taking notes and giving feedback to each driver. This course is great for beginner to experienced drivers. Approx. 40 laps will be completed in this course. **(9am-1pm T, TH, SA) Prices- \$275 (All Ages) up to 10 participants. SAVE ON GROUP DISCOUNTS! Each additional participant between 10-18 is only \$100. For parties of 19 or more please call for quote.**

**Advanced Techniques of Karting:**

This course is designed for an experienced karter who is looking to finely sharpen there skills in various aspects. This program is tailored to each group depending on each individuals needs and background. More emphasis is placed on speed and precision in many different areas. Approx. 50 laps will be completed in this course. **(9am-1pm T,TH,SA) Prices- \$360 (All Ages), \$310 for participants w/own kart.**

### Arrive and Race-

What's more exciting than showing up to Moran Raceway and competing in a full day, sanctioned racing event? Arrive & race is just that. Simply show up, sign in, and get ready to compete in real club racing event. Go wheel to wheel against 10 to 20 other competitors in the same racing class. Moran Raceway provides everything for the day, the kart, the safety equipment, and a mechanic for all day track-side support. Participants will race the HPV 3 or HPV 4 class in the very same 100cc Top-Kart racing chassis used for all driving programs. Available on 2nd Sat. of each month. Prices-\$330 + racing club entry fee.

**\*\*All driving programs need to be scheduled and booked at least 24 hours in advance and preferably one week in advance.**

### Convenient Kart Storage-

Out of room in your garage and tired of hauling your kart to the track? Sick of working on your kart for hours before driving it? Problem Solved: Moran Raceway now offers kart storage for all customers! Kart storage at Moran Raceway is a great way to save time, money, and space. Imagine the ease of not having to pack, prepare, clean, and maintain your racing kart! Kart storage members are offered an "arrive & drive" service, which provides full kart preparation prior to a scheduled arrival time. Kart storage members can expect their kart to be warmed up and waiting for them upon arrival. Kart storage members also receive optional services such as full service kart maintenance and track-side support. Prices- Kart storage: \$90 per month. Arrive & drive service: \$75 per visit. Kart maintenance labor rate: \$60 per hour
